

BURN DRESSINGS

One-step relief for Emergency First Aid when someone has been burned. It puts out the fire, stops burn progression & cools the skin, eases pain and protects against airborne contamination.

Water-Jel Burn Dressings are made up of a scientifically formulated cooling gel and a medical-grade non-woven pad.

The dressings are soaked in a water-based / water-soluble, bacteriostatic & biodegradable gel and sterilized to ensure a contamination free atmosphere for emergency treatment of burns.

It takes no special training to give fast and effective emergency burn care for any type of burn injury.

2" X 6" BURN DRESSINGS

Conveniently sized dressing, designed to wrap around a wrist, between the fingers-keeping them separated, and for the inner arm, foot instep or areas where this size dressing would be suited. Gel-soaked. Sterile. Foiled Packed Shelf Life: 5 yrs.

4" X 4" BURN DRESSINGS

Small square-sized dressing designed to fit the palm of the hand - a very commonly burned area, or the back of the hand near the knuckles. Gel-soaked, medical-grade non-woven material. Sterile. Foil packed. Shelf Life: 5 years

WATER-JEL 4" X 16" BURN DRESSINGS

Well suited dressing for the inner or outer area of the forearm; can be used on a portion of the leg or to wrap a foot. Gel-soaked, medical-grade non-woven material. Sterile. Foil packed. Shelf Life: 5 years.
